

The Weston Village Tidy up...

To keep our village clean & beautiful the Parish Council would like to ask for your help! Due to Covid-safety restrictions we are unable to run the normal annual event, but we would love you to get involved in a way that works for you & your family.

We are aiming for a village focus during the week of 1st – 7th March, but please take part every time you go out for a walk!

There are many ways you can help:-

- ✓ go on a litter-pick walk. Please text Councillor Vicky Patmore on 07791 314310 if you would like to borrow a litter-picker. Please note that due to Covid there will be no large collection of rubbish, so please take litter back home with you and place in your general and recycling bins.
- ✓ start to think about tidying your front garden and getting ready for some warmer weather. Please consider if there is a need to cut back any plant growth which is intruding onto public highways or footpaths.
- ✓ pick up after your dog (using the bags and bins provided around the village if needed).
- ✓ if you spot any large items that need removing while out and about, please contact NHDC Waste Aware on 0300 1234051.

Let's join together and continue to keep our village a beautiful place to live.
